# Student Services Fee explained

## Ngā whakamārama mō ngā ratonga utu āwhina taurira

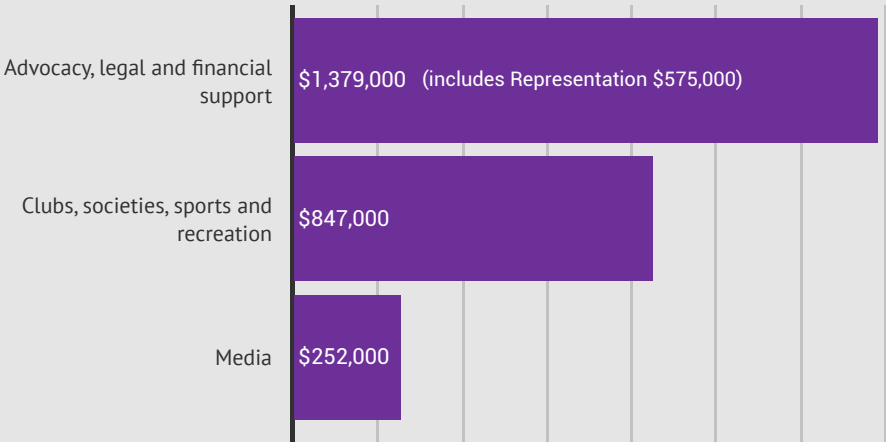

All universities in New Zealand charge a student services fee, or levy, as directed by the New Zealand Government's Tertiary Education Commission. This gives students access to services that contribute to student life by supporting their study journey and enhancing their academic experience. Discover more information on how the Student Services Fee is used <https://www.massey.ac.nz/student-life/services-and-support-for-students/student-services-levy-explained/>
