2011 Reputation and Revenue
Steve Maharey
Vice-Chancellor
Research and Scholarship
Promote highest standards and be a world leader in our areas of specialisation

Teaching and Learning
Ensure an exceptional and distinctive learning experience

Connections
Strengthen our connections with local, national and international partners and stakeholders

Responsibility (Sustainability)
Contribute to understanding of, and innovative responses to, social, economic, cultural and environmental issues

Generating Income
Significantly increase income to allow more investment

Enabling Excellence
Provide the very best working and learning environment
At the end of the year we want to have:

- Promoted our big stories
- Celebrated our achievements
- Organised significant events
- Raised our profile
- Been identified with sustainability
All Colleges and Supporting Units have major programmes of work to complete in the areas of teaching and research.
Diversify our income base through new developments and new enterprise
Our Focus

- Growth in international student numbers and partnerships
- Growth in Maori and Pasifika student numbers
- Growth in student numbers under 25 years old
- Revenue generation
To support this, we will:

- Enhance capacity and capability
- Enhance our financial systems
- Control costs
- Invest in IT
- Build on Shared Services
- Develop our campuses
Thank you
