

Where might Massey's creative arts students and graduates work and what might they do?

INTRODUCTION

Many students and graduates start their career planning by exploring options for which their subject of study will either be useful or crucial. This can be a good place to begin and useful sources of information on options with your subject include:

- [No Major Drama](#)
- [The Engine 'Areas of Interest' section](#)
- The websites of any [professional bodies](#) operating in the career areas of interest to you.
- [Graduate Careers Australia's Career Information Booklets](#)
- [Prospects' Options with your subject](#) – this is the UK's most trusted graduate career website.

Coupled with the above, you will often find careers information on the webpages of your College, School, Institute or Department; on the career service webpages of a number of NZ universities and on social media sites such as [LinkedIn](#). In the latter, we recommend that you search for (and join) groups existing in career areas of interest to you and search for members that have qualified in the same subject(s) as you.

SKILLS MATTER

In addition to your qualifications, employers are keen to see evidence of the [skills](#) that you have – and in particular, skills that are relevant to the role for which you are applying. You will have been building a range of skills throughout your course and employers will look at these and at your wider life skills. Here we outline some of the skills most commonly sought by NZ employers. These have been drawn from a survey of graduate employers undertaken by Massey's School of Business:

Teamwork and co-operation	Interpersonal understanding
Ability and willingness to learn	Flexibility
Oral communication	Customer service orientation
Ethics	Independent learning
Written communication	Relationship building
Initiative	Concern for order, quality, and accuracy
Achievement orientation	Conceptual thinking
Computer literacy	Technical expertise
Problem solving	Information literacy
Organisational commitment	

Coupled with the above, the table below shows opportunities that have been advertised on our [Massey CareerHub](#) jobs portal in the recent past, for which applications from students and/or graduates from your discipline were welcomed.

Should you require further information on options with your subject please [contact us](#).
