## MPOWER Researcher Development Workshop (HRM and Employment Relations)

**Following the success of the MPOWER workshops at the Albany and Manawatu campuses last year, we are planning a second round of activity to help prospective and current post-graduates and emerging researchers, hone their research skills.**

Leading HRM and Employment Relations academics at Massey University will speak about their research projects and experiences, including the processes involved in defining an area for study, drafting a proposal, methodological approaches, collaboration strategies, engagement with study participants, pursuit of funding support, dissemination of outputs, and more.

This is a fantastic opportunity for you to learn more about research processes and practice from scholars with significant research profiles in New Zealand and overseas. It is also a chance for you to discuss and develop your own research ideas and approach with discipline specialists, early career researchers and post-graduates.

### **MPOWER invites you to attend a Researcher Development Workshop**

**What:** MPOWER Researcher Development Workshop

**When:** 7 May 2015, 10am-12.30pm

Albany campus room: Study Centre Lounge, Study Centre Building

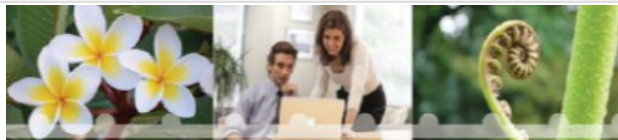

Manawatu campus room:
