

Massey University Events – Wireless network connection instructions

The following document describes how to connect to the MUEvents Wi-Fi network on a Mac.

Note: This network is only enabled on some access points.

1. Click on the Wi-Fi icon in the top right of the screen to bring down the list of Wi-Fi networks and select MUEvents.

2. Type the password provided to you by your Massey sponsor and click the Join button.

3. You should now be connected.
If you have issues connecting please talk to your Massey sponsor.
