Making of calls is the responsibility of the Customer

If only one participants off campus, this requires dialling a call in the normal way (tolls calls may be lodged through the operator or with the use of an authorization code).

If not familiar with conferencing of more than one participant, operator assistance may be obtained by dialling 0.

Between 3 and 6 on campus participants may be added providing the feature is allowed from the extension being used by the unit (check with the Telecommunication Administrator extn 5292 if this feature is allowed).

A call may have to be booked through the Telecom network if more than one external participant is required. Check with the operator (dial 0) well before call is required, as time allotment may not be available with Telecom.
