

Wireless Network Configuration Guide Android 3.1 +

<p>Please check that you are using the correct help-sheet by checking your version of Android: Menu > Settings > About Phone > Android Version</p>	<p>Network Access</p> <p>All users connecting to the network require Massey credentials.</p> <ul style="list-style-type: none"> • Students: Student ID + Password • Staff: Usercode + Password 	<p>While most of the campus has wireless coverage, refer to the coverage map to identify the strongest connection points: http://wireless.massey.ac.nz - Select Wireless coverage.</p>
---	---	---

	<ol style="list-style-type: none"> 1. Turn on your Wi-Fi. Then select the Wireless network you'd like to connect to. There are many Massey wireless networks available: <ul style="list-style-type: none"> • MUStudents - Student users on any equipment • MUStaffPrivateEquipment - Staff using private or non-Massey equipment • MUStaff - Staff using Massey-managed equipment (those with an ITXXXXXX number) 2. Select MSCHAPV2 under the <i>Phase 2 authentication</i> heading 3. Enter your Student ID [or Usercode] into the <i>Identity</i> box 4. Leave the <i>Anonymous identity</i> box blank 5. Enter your Password into the <i>Password</i> box 6. Tap Connect and you're done! 😊
