POSTGRADUATE CERTIFICATES AND DIPLOMAS

With a postgraduate certificate you can build on knowledge and skills you've already achieved, whether through a degree or equivalent practical or professional experience. You can also use it as a bridging programme for postgraduate study or research in an area different from your prior training, experience or qualifications. The duration of Postgraduate Certificates are 60 credits and are generally completed in one semester. A postgraduate diploma is a qualification that builds on achievement in a previous degree. The qualification is open to graduates who meet academic postgraduate entry into the University. The duration of study is generally one year full-time. Postgraduate diplomas are 120 credit programmes. **Tuition fees quoted are based on 120 credits of study within the programmes, unless stated otherwise.**

DOCTORAL DEGREES

A doctoral degree is the most advanced postgraduate qualification. It requires the completion of a research thesis or creative work that makes an original contribution to new knowledge. Named doctorates also require completion of a research thesis as well as specified course work. Normally a minimum of three years full-time study is required for a doctoral degree.
