CHANGE TO MĀORI KEYBOARD IN MAC

1. Under the Apple symbol open up System Preferences.

2. In System Preferences select Language & Text.
3. Under **Input Sources** scroll down to select Māori.

4. Select the **flag** (often Australian) and select Māori
5. The flag will change to the Māori flag. Your keyboard is ready for Māori text.

6. Press the Option when needing vowels with macrons.
