LEAVE POLICY

Purpose:
To provide a framework for the granting and administration of various types of leave and to manage absences in accordance with employment agreement entitlements, legislative requirements and operational needs. This policy must be read in conjunction with the Massey University Leave Guidelines and an employee’s relevant leave provisions provided in their individual or collective employment agreement. This policy provides clarification on five types of leave available to Massey University staff namely:

   a) Leave Without Pay
   b) Payout of Annual Holidays
   c) Election to Parliament
   d) Employment Relations Education Leave
   e) Health and Safety Leave

Principles:
Leave is an important aspect of an employee’s working conditions, reflecting the value of having a balance between work and other aspects of their lives. The ability to take time from work for rest and recreation, when an employee is sick or injured or when required to attend to responsibilities outside of the University, is important to ensuring employee wellbeing and enabling employees to be at their productive best while at work.

Leave of any kind other than for illness/injury or bereavement/Tangihanga, must be planned for by both the employee and their manager and taken at a time that balances the employees’ needs with the operational needs of the University. Leave must be formally approved by the relevant manager before leave commences.

The following types of leave can be applied for and approved online through the Yourself portal on the Massey University website:

   • Annual Leave
   • Sick Leave
   • Discretionary leave
   • Bereavement Leave

Massey University has a number of different employment agreements in place. When reading this policy, it is important that employees consult the relevant part of their employment agreement. Where there is a discrepancy between these policies and the provisions of the employment agreement, the employment agreement will take precedence.
Policy:

Leave will be granted in accordance with the Employment Agreements and as stated below:

a) Leave Without Pay
Requests for leave without pay, other than for illness or injury, will be considered taking particular account of the operational needs of the school or Department.

In accordance with the Leave Guidelines, periods of leave without pay of up to one (1) month must be approved by the Head of School or Department. Periods of leave without pay of greater than one (1) month must be approved by the Pro Vice-Chancellor (or equivalent).

All annual leave must be exhausted before the period of leave without pay commences except in situations requiring extended sick leave or bereavement leave as per section 39 of the Holidays Act 2003.

b) Payout of Annual Holidays
From April 2011, the Holidays Act 2003 provides for employees to be able to request that a portion of their annual holidays be paid as cash. However Massey University supports and encourages its employees to have the full opportunity for rest and recreation, through the taking of annual holidays. For this reason Massey University will not payout annual holidays.

b) Leave for Sport
Applications for leave to take part in international competition overseas or in New Zealand will be approved by the relevant Level 3 (SLT) Manager). The authority to approve leave is not delegated. The following conditions apply.

- Applications are to be members or accredited officials of sports teams, or individual sportsmen or sportswomen who have been selected on a national basis.
- Selection to be on a national basis (e.g. not provincial or representative or any particular group – racial, sectarian, etc.).
- Competitions at international level to take place some time during the tour.
- The sport should have a properly constituted and recognised national body, which conducts regular tournaments.

If the above requirements are met, leave may be granted as follows:

- One week’s annual leave or leave without pay followed by
- Three week’s special leave on full or half pay followed by
- a further one week’s special leave on full or half pay,
- thereafter leave without pay (or annual leave if any due).

b) Election to Parliament
Any member of the staff of the University, who desires to become a candidate for election as a Member of Parliament, shall be placed on leave of absence.

Subject to Clause 3, that leave of absence shall commence on nomination day (as defined in the Electoral Act 1993), and, in the event of nomination as a constituency candidate or list candidate, shall continue until the first working day after polling day, unless the nomination is withdrawn.
Where the Vice-Chancellor is satisfied that the staff member’s candidacy will materially affect the ability of that person to:

- Carry out satisfactorily their duties as a University employee; or
- Be seen as independent in relation to particular duties,

then the period of leave shall, if the Vice-Chancellor so determines after consultation with the employee, commence before nomination day or a day appointed by the Vice-Chancellor.

During the period of leave the staff member shall not be required or permitted to carry out any University duties unless the Vice-Chancellor deems these essential to the running of the University. No duties shall be carried out without the approval of the Vice-Chancellor.

During the period of leave there shall be no entitlement to salary or other remuneration from the University in respect of that period or any part thereof, except to the extent to which the employee takes, during that period, any leave with pay to which she/he is entitled, or carries out specific duties which may be required.

Except as provided in the foregoing provisions of this section, rights as a member of the staff of the University shall not be affected by her/his candidature.

Massey University is not to be involved in any way in the candidate’s campaign. The candidate is to make it clear that she/he is not speaking on behalf of Massey University and that the views expressed are not the views of the University.

Employment with the University will cease should the candidate be elected to Parliament. The effective date shall be no later than the date of receiving confirmation of election as a Member of Parliament or the date of commencement for receiving a parliamentary salary, whichever is earlier.

d) Employment Relations Education Leave
Employees who are union members are entitled to paid leave to attend approved courses for the purposes of employment relations education.

The Union will advise the employee and the University of the education leave allocated to the employee. An eligible employee must apply to their manager for leave giving at least 14 days notice and specifying the nature of the leave.

e) Health and Safety Leave
This policy applies to all staff appointed as Health and Safety Representatives.

Health and Safety representatives are entitled to two paid days per year to attend approved Health and Safety training courses.

The staff member is required to seek approval from their manager before commencing leave.
