

2017 ACCOMMODATION

We are offering places in two halls in 2017 for our first-year students — both within easy walking distance to the campus. Both halls have live-in residential staff to ensure that students join a fun and safe community. Residential assistants take time to get to know all the residents on their floors and are there to give advice on how to get the best out of living and studying at uni.

There is a busy programme of events and activities throughout the year — which includes inter-hall contests!

The Cube

The Cube Hall consists of 86 self-catered shared apartments with a choice of five-bedroom, three-bedroom or studio units. Massey University manages the majority of the apartments — with 252 beds available.

www.massey.ac.nz/accommodation

222 Willis

222 Willis consists of self-catered apartments with a choice of four-bedroom, two-bedroom and studio units. Massey has a partnership with Weltec Student Accommodation Ltd for Massey first-year students.

www.222willis.co.nz

Applications for 2017 places open on 1st August and close on 1st October 2016.

For both halls you need to apply through the Massey application portal. As part of the process you will be asked to rank your preferred type of accommodation. www.massey.starrezhousing.com/StarRezPortal

We always get more applications than places so do apply well before the deadline so that you can ensure you have submitted everything we need to review your application.

We look forward to you joining our first-year community at The Cube and 222 Willis halls.
