INTRODUCTION

Hi there! We're excited that you and all the other new students you're about to meet at Orientation have joined the Engine of the new New Zealand. We hope you are able to take in some useful information and make some friends, but most of all we hope you have fun! You'll notice four different colours throughout this booklet; each colour corresponds to a college. So you'll attend the sessions with all the other newbies from the same college—hopefully you'll meet someone to sit next to in class on Monday!
