Programme credit value:		Thesis credit value:	
Supervisor name:		Academic unit:	
Thesis title:			

SECTION 1: statement by student		
I certify that I have pursued the study in accordance with the requirements of Massey University's regulations including:		
1.	That the research carried out for my Master's thesis has been used in whole for this qualification only.	
2.	That the research is my original work, except as indicated by appropriate attribution in the text and/or acknowledgements; quotation marks have been used where required; and I take responsibility for the content and quality of this thesis.	
3.	That the text, excluding appendices/annexes, is within the recommended 40,000 word count.	
4.	All the ethical requirements applicable to this study have been complied with, as required by Massey University and other organisations and/or committees.	
4a.	If applicable, insert name(s) of the external organisation(s)/committee(s) which had a particular association with this study, and relevant legislation:	
4b.	Please insert the compliance authorisation codes here if applicable:	

SECTION 2: statement by supervisor

I certify that to the best of my knowledge the student has pursued the study in accordance with the requirements of Massey University's regulations including:

1.	The thesis material has been used in whole for this qualification only.	
2.	The thesis is the original work of the student, except as indicated by appropriate attribution in the text and/or acknowledgements.	
3.	Please indicate the thesis standard: a) The thesis is of an acceptable standard to be presented for examination b) The thesis has significant short-comings but may proceed to examination c) The thesis is not of acceptable standard and I do not agree that it should be submitted for examination	
4.	Does the research for this thesis have commercial potential for Massey University?	
5.	Does the thesis or any parts of it contain trade secrets, information that will or could be used as part of a patent application, or as part of a commercial licensing deal, such that the examiners will need to sign Confidentiality Agreements?	
5a.	If yes, does the the thesis cover commercially sensitive material that the sponsor would not wish to have disclosed?	
6.	Is the thesis to be embargoed?	
7.	The examiners have been nominated and I have forwarded the Nomination of Examiners to the Graduate Research School	
7a.	If no, please indicate the date when the Nomination of Examiners will be forwarded:	

Supervisor signature:

SECTION 3: statement by Head of Academic Unit

I confirm that I have read the information outlined in this application and agree that the Master's thesis should proceed to examination.

**Head of Academic Unit or
Nominee signature:**

A copy of this completed form should be returned to the student, to be uploaded in the [student portal](#) with the thesis for examination.
