

# The Joan Berry Fellowships in Veterinary Science - Undergraduate

## Fellowship Regulations

### Focus

Animal health and welfare.

### Level of Study

Undergraduate.

### Purpose

The Fellowships provide financial support for students studying the Bachelor of Veterinary Science degree.

### Value and Tenure

The value is determined each year from the interest earned on the capital. In recent years this has been \$1,000.

The fellowship is tenable for one year.

### Typical Number on Offer

Typically, up to 20 fellowships will be awarded per year.

### Eligibility

Applicants must be enrolled in the Bachelor of Veterinary Science degree and have a particular interest in promoting animal health and welfare.

### Selection Criteria

The selection will be based on:

- academic merit.
- financial need.

### Selection Committee

The fellowship is awarded by the University Scholarships Committee on the recommendation of the Veterinary Programme Management Committee.

## Conditions of the Fellowship

The Fellowship may be held in conjunction with other awards.
