STUDY

- 18 Qualifications available to international students in New Zealand
- 26 International short courses and study tours
- 27 Qualifications available to international students studying online from your country
- 28 Online qualifications available to international students
- 38 Academic entry requirements by country/region

In a time where change seems more constant than ever and where choice has never been more important, picking a university can seem like a daunting task. This Qualification Guide aims to answer your questions about why Massey might be right for you, and how we will help support you on your study journey.

Te Kunenga ki Pūrehuroa Massey University has a long, proud tradition of teaching and research excellence. Our heritage, geographic spread over three major cities, range of qualifications and the flexibility of our distance teaching allows students from around the world the ability to tailor their study to meet their needs and connect closely with industry, professional organisations and local communities.

Massey is a diverse university with almost 5,000 international students from more than 100 countries choosing to study with us each year. We deliver academic qualifications in four other countries and have international teaching partnerships with tertiary institutions in eight nations.

We recognise that choosing to leave your own country to study elsewhere is a life-changing decision and I warmly invite you to be part of our diverse student community.

By coming to Massey, you are making a decision to carry on a tradition that has shaped Aotearoa New Zealand and made significant contributions around the world, joining graduates who are in high demand.

Whatever you choose to study, and wherever you choose to do it, our exceptional staff are committed to helping you every step of the way.

Ngā mihi nui

UNIVERSITIES IN THE WORLD

MASSEY UNIVERSITY IS RANKED 230TH EQUAL IN THE WORLD.

2026 QS World University Rankings.

Why choose Massey?

Te Kunenga ki Pūrehuroa Massey University is New Zealand's national university, with campuses in Auckland, Manawātū (Palmerston North) and Wellington, and international branch campuses in China and Singapore.

Massey also has an extensive global reach, offering New Zealand's largest online and distance learning options from any university.

Known for its forward-thinking approach, Massey offers high-quality education and research-led teaching. It attracts over 26,000 students each year in New Zealand, including more than 4,800 international students from over 125 countries.

- 1 Study at a world ranked university – Massey has a 5+ star rating in the QS world university rankings.
- 2 Massey stands out for its forward-thinking spirit and ability to deliver high-quality education and research-led teaching.
- 3 We're industry focused and collaborate with some of New Zealand's biggest companies and government agencies. Our academic staff hold active roles in industry worldwide.
- 4 We champion innovation and put theory into practice with work-integrated learning opportunities, ensuring students are well-prepared for the future as citizens of Aotearoa New Zealand, Asia-Pacific and the world.
- 5 We offer career-focused qualifications designed to produce employable graduates, equipped with critical discipline knowledge and interpersonal skills.

Campus guide

Massey has three campuses in New Zealand—Auckland, Manawatū, and Wellington—as well as a campus in Singapore. You can also study with us by distance.

AUCKLAND

- A beautiful campus with state-of-the-art teaching and learning facilities
- Based in a diverse, multi-cultural city of 1.5 million people
- A culture that fosters innovation through strong connections with industry, including an on-site business incubator
- Auckland is the 24th best student city globally by Quacquarelli Symonds (QS) for 2025.

MANAWATŪ (PALMERSTON NORTH)

- An international campus with staff and students from over 80 countries
- World-class academic qualifications, teachers and researchers
- Great sporting facilities, a state-of-the-art food plant and farms
- Affordable accommodation and living
- A safe, friendly, young person's city – a third of its population are aged 15 to 30 years.

WELLINGTON

- A friendly, vibrant and creative place
- Home to Toi Rauwhāangi College of Creative Arts
- World-class research centres for public health, sleep, Māori health, disaster research, and tertiary teaching excellence
- Wellington regularly ranks as one of the most liveable cities in the world (Deutsche Bank Quality of Life Survey)
- Compact and set between a magnificent harbour and green hills.

OFFSHORE CAMPUS:

Singapore

China:

- Nanjing University of Economics
- Jiangnan University
- Hebei University of Technology

Commercial leadership

TE KURA WHAI PAKIHI MASSEY BUSINESS SCHOOL

Massey Business School (MBS) prides itself on accessible teaching, research, and engagement, connected to practice. Our qualifications provide a strong career foundation, ensuring you have the skills to succeed no matter where your future takes you.

CONTACT US

Scan for more information or email us at business@massey.ac.nz

Massey Business School partners closely with many leading New Zealand companies and has a range of internships with actual businesses built into our qualifications. Today's students require skills that take them to the top of the business worldwide. MBS takes you there with our focus on globally relevant and future-focused learning.

Massey Business School is ranked highly and our qualifications will open doors for you. Our connection to practice informs our programmes, providing the quality of education businesses require. We're proactive, and think outside the box for what students need. For example, from 2024 a newly developed Bachelor of Business CFA Pathway will provide a 6-week intensive CFA L1 linked to the finance industry's gold standard qualification.

Learn from lecturers and business experts in areas such as:

- Accounting
- Aviation
- Economics
- Finance and Banking
- Human Resources
- Management and Leadership
- Property
- Technology Management

RESEARCH CENTRES

Our research centres develop and showcase collective expertise and opportunities for students and industry, and epitomise our commitment to stakeholder engagement and impactful outcomes. Many are unique nationally, with wide international connections and influence.

Our research centres across faculty disciplines that link into our practical learning include:

- Centre for Advanced Retail Studies (CARS)
- Centre for Culture-Centred Approach to Research and Evaluation (CARE)
- Healthy Work Group
- Knowledge Exchange Hub
- MPOWER (Massey People, Organisation, Work and Employment Research)
- New Zealand Centre for Macroeconomics
- NZ FIN-ED Centre
- Real Estate Analysis Unit (REAU)
- Te Au Rangahau

'MASSEY WAS ONE OF THE FEW UNIVERSITIES THAT PROVIDED ME THE OPPORTUNITY TO RE-LAUNCH MY LIFE.'

Dr Vinolia Salesi
Tonga

Doctor of Philosophy in Aviation

I started to tutor finance and property courses from early 2018 and tutored almost all undergraduate finance papers that we offered at Massey during those 5 years, allowing me to enhance my people and presentation skills. In 2019, I started my Master of Professional Accountancy and Finance degree – one of the best decisions that I have made in my life. An accounting degree provided me an additional option when choosing my career, which commences in March this year as a graduate Auditor at Audit New Zealand, promoting the well-being of all New Zealanders through public sector auditing.

Jun Wen

*Master of Professional Accountancy & Finance
Auditor at Audit New Zealand*

Graduating as a PhD in 2022 without emendations and despite the challenges of the pandemic, Dr Salesi's doctoral thesis "Identifying challenges of aviation growth within the South Pacific Region" was chosen to recognise the fact that aviation is one of the keystones for economic development in the South Pacific Region (SPR). It enabled her to identify gaps in aviation policies in the region that may contribute to the limited growth within the SPR aviation industry. Her study will contribute to the aviation and tourism literature (with particular reference to the SPR region) and to ICAO's 'No Country Left Behind' initiative, which aims to ensure that "all States have access to the significant socio-economic benefits of safe and reliable air transport."

Vinolia says her skillset as an academic researcher has been considerably enhanced because of her doctoral journey. Another high point was seeing her articles published in journals such as Asia Pacific Journal of Tourism Research and Journal of Air Transport Management.

Design, fine arts, music & screen arts

TOI RAUWHĀRANGI COLLEGE OF CREATIVE ARTS

Toi Rauwhāangi is New Zealand's premier provider of creative arts education, with comprehensive, internationally benchmarked, future-focused qualifications, innovative studio-based learning, high levels of undergraduate and postgraduate student achievement, and a distinctive contribution to Māori and Pacific creative arts practice.

With an excellent reputation for innovative creative arts research and practice, Toi Rauwhāangi is New Zealand's oldest and most comprehensive creative arts college.

Our studio-based learning environment creates innovative thinkers and makers. World-class, industry-connected academic staff provide an inspiring and supportive culture that will give you the knowledge and skills you need to succeed in all creative industries.

We offer a wide range of opportunities across a broad range of creative industries with our internationally acclaimed degrees in:

- Commercial Music
- Design
- Fine Arts
- Māori Visual Arts
- Screen Arts.

At Toi Rauwhāangi you will work across disciplines and on collaborative projects that develop leadership skills and foster lifelong connections.

RESEARCH EXCELLENCE

World-class standing

Massey's reputation has grown through the quality of its faculty and the achievements of its students. For the International Red Dot Design Awards, the College of Creative Arts has been placed within the top three for the last 10 consecutive years, with the most recent ranking being 2nd in 2024.

Globally connected research

Massey also has more top-ranked, globally connected researchers in design and visual arts and crafts than any other art school in New Zealand. Our exceptional practitioners use industry standard facilities to offer a stimulating, innovative learning environment.

We connect creativity to economic growth

Our courses are industry-connected, offering cross-disciplinary learning on real-world briefs to nurture creative, critical thinking. We encourage entrepreneurial thinking and problem solving skills to prepare students for the rapidly changing global economy. Our vibrant, positive environment offers a transformative experience for a growing number of researchers at all career stages.

'A DESIGNER AND ARTIST WITH A BACKGROUND IN TEXTILES, ANGELA'S INSPIRATION COMES FROM MĀORI CONCEPTS AND KNOWLEDGE.'

Recent works explore the whakapapa (genealogy) of local ecology and lesser known connections between living and non-living entities. These ideas are examined and expressed through walking, performance, collaborative making, large scale public installations and writing. Angela teaches across textiles, materials and critical and contextual studies for art and design.

Angela Kilford

Te Whānau a Kai, Ngāti Porou,
Ngāti Kahungunu

*Design Programme Lead, Ngā Pae Māhūtonga,
Wellington School of Design*

Sissi (Kim Ngân) Nguyễn

Vietnam

*Bachelor of Creative Media
Production*, 2020
Junior Motion Designer at
Fox and Co.*

Originally from Ho Chi Minh City, Vietnam, Sissi came to New Zealand in 2016 to study at high school at Aotea College in Porirua, Wellington. During her time at Aotea, she discovered digital art and motion design. In 2018, she came to Massey University to pursue her passion, and studied the Bachelor of Creative Media Production. With her achievements and results during high school, Sissi was also awarded the Massey University Creative Arts International Excellence scholarship.

During her time at Massey, Sissi has been exposed to a range of media production skills, from animation and visual effects to game design and interactive media. Besides the practical skills, Massey also provided her with good supporting systems and great friendships along the way. One of the things she likes the most about the qualification is the freedom to focus on the skills and the role she wants for her career pathway. For her undergraduate thesis, she worked as the art director for Neocense, a 2D isometric puzzle game, with a group of eight other students. Her team then successfully launched the game on Steam – a digital game distribution platform. The game has received positive feedback from the community and was also a finalist for Excellence in Representation and Excellence in Accessibility categories for the New Zealand Game Awards 2021.

* Now Bachelor of Screen Arts with Honours

Global health and well-being

TE KURA HAUORA TANGATA COLLEGE OF HEALTH

A changing world with new problems demands new thinking and new leadership. Massey's College of Health takes a fresh approach to optimal health and well-being, and promotes equity and social justice. We make a difference by considering and embracing diversity, social determinants and environmental interactions across a wide range of health-related areas.

Our specialists focus on applied social research, health system strengthening, workforce development, environmental health, public health policy, sleep, sport and exercise, and nutrition. We also champion health and well-being, promote healthy lives, advise on policy that supports these activities, and find ways to keep people and communities well.

RESEARCH EXCELLENCE

We empower academics and researchers to solve the global health challenges of the 21st century together. Whether you're a student or research collaborator, you will work alongside the most innovative thinkers and experts in New Zealand, and benefit from the expertise of our world-leading health researchers.

RESEARCH CENTRES

Research Centre for Hauora and Health

Focuses on understanding and influencing the well-being of people, and contributing to health research collaborations with international researchers from Europe, North America, South America, Africa, Asia and Australia. Disciplines, topics and methods include: epidemiology, mātauranga Māori (Māori knowledge), planetary health, occupational and

environmental health, health surveillance, non-communicable diseases, Māori health, Pacific health, indoor health and air quality, nutrition, housing and injury.

SHORE and Whāriki Research Centre

Undertakes policy and collaborative community research on, and evaluations of, a variety of health and social topics, such as kaitiakitanga (guardianship and protection), privilege, racism, illicit drugs, housing, transport and urban development, health services, unhealthy commodities, particularly alcohol, and digital marketing. The centre consists of two multidisciplinary research groups working in a Treaty of Waitangi partnership model to produce excellent research with the aim of improving health and well-being and reducing inequities in Aotearoa, New Zealand and globally.

Sleep/Wake Research Centre

Advances scientific knowledge about circadian rhythms, sleep and waking function. The centre works with government agencies, industries and community groups to improve the health, safety and well-being of people, and has extensive experience in evidence-based consulting in the areas of shift work and fatigue management, including independent accident investigation and expert testimony.

'I AM VERY PROUD TO BE STUDYING AT MASSEY. I AM ENCOURAGED IN A WAY THAT SUITS MY ABILITY, AND I HAVE GREAT SUPERVISORY SUPPORT.'

My PhD research is on diabetes. More than 430 million people around the world have diabetes, and in Fiji it affects one-third of the adult population.

It is my goal to improve nursing care for diabetic patients and encourage a shift towards a more preventative approach to reducing life-threatening situations and associated conditions.

Akisi Ravono

Fiji

Doctor of Philosophy in Nursing

Suraj Thomas

India

Master of Applied Social Work

I have a mentor from India who completed the same course at Massey a few years ago. During our interactions, he mentioned that if you are keen on learning Social Work—not just the theoretical approaches but also the practical applications—you should study at Massey, where the course is designed to prepare you for the industry. The diverse background of the students here and their collaborative approach to learning are unique, and the support from the lecturers and other departments is commendable.

Global critical thinking

TE KURA PŪKENGĀ TANGATA COLLEGE OF HUMANITIES AND SOCIAL SCIENCES

Studying the humanities and social sciences will inspire your intellectual passion, ignite your imagination, enable you to think critically and help you to apply what you learn in the real world.

We will challenge your thinking and enable you to be more creative, more innovative and more adaptable. We will teach you valuable skills that allow you to connect with your work, your community and your world.

RESEARCH EXCELLENCE

As our digital, connected lives grow, so does our population – and that threat to our environment is the most pressing, existential issue of our time. We would argue that the approaches we must adopt to living in this century challenge us to be adaptive, responsive and engaged citizens. Massey researchers seek to resolve the impact of this emergent new social model, and provide meaningful contributions to inform debate, and offer people-focused research to support developments that will enrich our future lives.

RESEARCH

Pedagogy

Research and development of the strategies teachers use to manage and teach languages in multi-level classes.

Mental health

Mental illness, including depression, is part of the wave of chronic illnesses affecting today's population. Massey researchers successfully adapted a cognitive behavioural therapy qualification for adult Māori suffering from depression.

The immigrant experience

Massey has explored immigrant economic success and work experience while also reviewing the contributions immigrants have made to community, culture and social development.

'STUDENTS SHOULD BE EAGER AND WILLING TO BRING THEIR OWN THOUGHTS, EXPERIENCES, VISIONS, AND IDEAS TO THEIR STUDY. MASSEY CHALLENGES YOUR CONCEPTS WITH NEW PERCEPTIONS.'

After arriving in New Zealand, I realised that I got more than I bargained for. Be it the course structure, resources or the brilliant and supportive academics, everything is harmonised and tailored for perfect learning conditions.

Studying at Massey has given me multiple perspectives, unlimited options to explore and transformed my thinking about the learning and teaching process in education.

The Master of Education programme demands critical thinking and open-minded analysis of different subject areas from multiple perspectives.

Shawn Varghese

India

Master of Education, 2020

Dr Apisalome Movono

Senior Lecturer in Development Studies, School of People Environment and Planning

Dr Apisalome Movono is Senior Lecturer in Development Studies, with a Marine Affairs and Tourism Studies background in the Pacific and Australia. His research includes resilience, sustainable livelihoods, and the complex and adaptive nature of the Pacific Island's social and ecological landscape. He is a recipient of a Marsden Fast-Start Grant and was appointed as a Lead Expert in the inaugural Tourism Panel on Climate Change launched at COP27 in 2022. He is an indigenous Fijian from Buca village, Vanua of Sovatabua, in the province of Cakaudrove and has been involved in various capacities in the development of Pacific peoples.

In 2021 he was appointed by the South Pacific Tourism Organisation as Chair and convener of the Pacific Tourism Research Symposium. Api is also the co-founder of the Laucala Beach Sustainability Society, a small community based non-for-profit society that works for the protection of the Laucala Beach Heritage Site.

Science, technology, and agriculture

TE WĀHANGA PŪTAIAO COLLEGE OF SCIENCES

The College of Sciences contributes to the needs of New Zealand and builds capability for the country through research and the development of high-quality graduates. It provides face-to-face education in sciences at both the Auckland and Manawātū campuses.

Our heritage is in agriculture, food and the sciences, and today we are among the world leaders in education and research. We also bring our best to new areas including computer science, information technology and the built environment. These are exciting areas for study and provide excellent opportunities for growth and development.

- Agriculture and horticulture
- Built environment and construction
- Computer science and information technology
- Earth and environmental science
- Food technology and nutrition
- Natural sciences
- Veterinary and animal science.

OUR RESEARCH INCLUDES:

We provide face-to-face education in sciences at both Auckland and Manawātū campuses. This includes research and teaching in:

- agriculture, horticulture, food science and technology, animal and veterinary science which provides knowledge and capability critical to the vitality of Aotearoa New Zealand's agrifood sector, and
- sciences for the natural, built and digital environments that contribute fundamental knowledge and capability for the betterment of New Zealand.

'FOOD IS MY PASSION. I LOVE CREATIVITY. FOOD IS CENTRAL TO OUR LIVES – NOT ONLY FOR SURVIVAL BUT FOR CONNECTING PEOPLE AND COMMUNITIES.'

In school, I always loved solving problems in the sciences. I didn't realise creating food could be technical and isn't just done by chefs! Food Technology is about making food safe, preserving foods for longer, preventing waste, combining flavours and textures to deliver new food experiences to consumers and so on.

I live in Wellington and work as a Food Technologist at Groenz. My job involves creating new sauces and dressings, supervising factory trials for new products and supporting cross-functional teams including members from sales, quality, supply chain and operations.

My degree from Massey prepared me well for my career. It provided not only technical knowledge but applications in the food industry, as well as teamwork and communication skills. I was lucky to be sponsored by Calocurb for my final year project and helped develop snacks with health benefits.

Quinn Vu (Quyên Vũ) Hai Duong
Vietnam

Bachelor Food Technology (with Honours) 2021

Dr Gorden Jiang
Master of Environmental Management 2016, PhD 2021

Originally from Guangzhou, China, Dr Jiang came to New Zealand in 2014 to study the Master of Environmental Management (MEnvMgmt) at Massey University in Palmerston North. During his study, he took the GIS (Geographic Information Systems) paper and fell in love with maps and crunching data.

After completing his master's degree, he started doctoral research within the field of precision agriculture. His research developed new, machine learning-based tools in GIS to help farmers optimise crop management inputs. Following his PhD, Dr Jiang joined Wairoa District Council in New Zealand, working as a GIS officer, managing the councils GIS infrastructure for the community.

Accommodation and living costs

MASSEY HALLS

At Massey Halls, we're dedicated to providing you with the best student experience and support throughout your university journey. Our accommodation facilities are vibrant communities designed to help you succeed both academically and personally. Our friendly, dedicated staff are here to support you every step of the way. Whether it's helping you settle in, prioritise your studies, or connect with fellow residents, we're here for you. You'll have plenty of opportunities to get involved, with a wide range of events and activities aimed at fostering friendships, cultural exchange, and unforgettable experiences.

Why choose Massey Halls?

LOCATION	Everything you need is close by, from lectures and university facilities to shops, supermarkets, cafes, bars, and restaurants. Grab a bite, catch up with friends, or pick up essentials. It's all within easy reach.
SUPPORT	Your wellbeing and safety are our top priorities, and we have a dedicated team available to support you.

FRIENDSHIPS We aim to create strong, supportive communities. Living alongside fellow students, you'll connect, collaborate, and build friendships that can last a lifetime. Encountering new people, different cultures and perspectives, will make your stay enriching and memorable.

BETTER GRADES Research shows that students who live in university-provided accommodation often achieve better academic results.

SAFE AND SECURE Your safety is our priority. All buildings are equipped with key fob access, so only residents and authorised staff can enter. Our security team carry out regular checks throughout the day and night, giving you peace of mind so you can focus on your studies and enjoy your university life with confidence.

ACTIVITIES AND EVENTS Our full and varied residential life programme is packed with events, activities, and opportunities to get involved. From welcome programmes to help you settle in, to social events, cultural celebrations, and wellbeing initiatives, there's always something happening. Massey Halls is your home away from home; a place where you'll feel supported, connected, and part of a community.

LIVING COSTS

In addition to course fees, other costs you'll need to plan for include textbooks, non-tuition fees, and personal expenses. If entering New Zealand on a student visa, Immigration New Zealand require you to have NZ\$20,000 available per year, in addition to course fees, to cover your living costs. You also require sufficient funds to be set aside for a return airfare. Actual living costs vary depending on accommodation choice, location, and personal spending, so you may need to budget for more than the minimum requirement.

See massey.ac.nz/fees for information about additional non-tuition fees.

See immigration.govt.nz for more information on student visas and immigration costs.

HOMESTAY

Looking for a unique cultural experience? Our Homestay option allows you to live with a local New Zealand family in their home. This is a fantastic way to immerse yourself in Kiwi culture, improve your English language skills, and enjoy the comforts of a supportive family environment. You'll be provided with three meals a day, and our dedicated homestay pastoral care team is always available to offer guidance and support throughout your stay.

ACCOMMODATION COSTS

Pathways to Massey University

ACADEMIC PATHWAYS

Massey University College prepares you for a seamless transition into a wide range of degrees at the university. Small class sizes and personalised support will help you to gain a qualification in the academic and English language skills necessary to succeed at university and beyond.

ENGLISH LANGUAGE PATHWAYS

Our language pathway programmes will give you the confidence and skills to take on our foundational qualification, or meet the university's academic English language requirements for degree-level study.

WHY STUDY A PATHWAY QUALIFICATION?

- Guaranteed entry into your university degree upon successful completion and meeting entry requirements for special entry degrees.
- Programmes include relevant subjects to prepare you for your degree.
- Get to know New Zealand's educational system and unique Māori culture.
- Excellent academic, welfare and careers support system.

APPLY FOR MASSEY UNIVERSITY COLLEGE PATHWAY PROGRAMME

college.massey.ac.nz

International student support

We are here to help you with visa renewals, insurance, accommodation, and general campus information.

We also connect students to other support services. We run an International Registration and Welcome programme to help you settle in, and run a number of events and activities throughout the semester.

CAREER SERVICES

Career Services can help you to explore and plan your career, source job opportunities, and build your employability skills. We work with employers and academic staff to offer you career events, industry presentations, career and skills workshops, and seminars.

massey.ac.nz/careers

RECREATION

Massey is committed to ensuring an active, enriching campus life and has excellent facilities on each of our campuses as well as associations and clubs to meet the needs of the student community. We have over 100 student-run clubs where you can meet, have fun and make new friends.

recreation.massey.ac.nz

THE EDUCATION (PASTORAL CARE OF TERTIARY AND INTERNATIONAL LEARNERS) CODE OF PRACTICE 2021

Massey University is bound by New Zealand's Education Code of Practice for the Pastoral Care of Tertiary and International Learners.

Copies of the Code along with a range of information and videos for students can be found on the NZQA website [here](#). For information about how we apply the Code at Massey, see our Pastoral Care Code of Practice page [here](#).

IMMIGRATION

All international students must hold a valid student visa to be eligible to study in New Zealand. Full details of immigration requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available from Immigration New Zealand.

immigration.govt.nz

STUDY SUPPORT

The [Centre for Teaching and Learning](#) aims to help you develop good study practices and examination skills. They offer regular workshops as well as individual consultations.

STUDY AND WORK IN NEW ZEALAND

New Zealand Immigration provides options for students to work while studying. Depending on your area of study, you may also have the opportunity to stay and work in New Zealand for up to four years, and possibly even gain residency.

naumainz.studyinnewzealand.govt.nz

HEALTH SERVICES

There are Health and Counselling Centres on all our campuses, which are designed to provide students with a comprehensive range of professional and confidential health services. These services are intended to keep you active, healthy, and able to achieve your goals.

massey.ac.nz/health-and-counselling

ELIGIBILITY FOR HEALTH SERVICES

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full cost of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health.

health.govt.nz

MEDICAL AND TRAVEL INSURANCE

International students (including group students) must have appropriate and current medical and travel insurance while in New Zealand. Insurance coverage should include travel costs, medical care, and costs associated with repatriation, expatriation, and funeral expenses. Our preferred provider is [Student Safe](#)

ACCIDENT INSURANCE

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents, and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs.

acc.co.nz

SETTLING INTO LIFE IN NEW ZEALAND

NauMai NZ is a digital platform developed to support international students as they transition to a new culture and life in New Zealand. This platform provides reliable and up-to-date information about living and studying in New Zealand.

naumainz.studyinnewzealand.govt.nz

INTERNATIONAL CONTRACT DISPUTE RESOLUTION SCHEME (DRS)

DRS is an independent dispute resolution scheme established by the New Zealand Government. Its objective is to encourage swift settlement of contractual and financial disputes between international students and their providers in New Zealand.

NEW ZEALAND LANGUAGE AND CULTURE

Massey University offers a free online qualification that introduces you to Māori language and culture.

massey.ac.nz/toromai

Qualifications available to international students in New Zealand

This section provides a guide to qualifications available to international students interested in studying at a Massey University campus in New Zealand.

Tuition fees quoted are estimates only, are in New Zealand dollars, include GST, and are based on 2026 fees.

Tuition fees quoted are based on 120 credits of study within the qualifications, unless stated otherwise.

Each 15 credit course requires approximately 10–12.5 hours each week of class and study time.

Please check the Massey University website for up-to-date fees and qualifications: massey.ac.nz

If you are ready to apply, please visit massey.ac.nz/international

See page 26 for information on offering locations and other notes.

ENGLISH LANGUAGE AND PATHWAY PROGRAMMES	OFFERING	START DATE	DURATION	COST IN NZ\$ (PER 120 CREDITS)
General English	A	Jan, Feb, Mar, Apr, May, July, Aug, Oct or Nov	5 weeks	2,495 / per week \$500

DOCTORAL DEGREES	OFFERING	START DATE	DURATION	COST IN NZ\$ (PER 120 CREDITS)
Doctor of Philosophy (PhD)	A P W	Any time	3-4 years	8,320 - 10,340

Fees and qualifications available are correct for 2026 and may be subject to change.
Please note: Tuition fees quoted are based on 120 credits of study within the qualifications, unless stated otherwise.
Most bachelor's degrees are 360 credits, with some being longer.
Each 15-credit course requires approximately 10–12.5 hours each week of class and study time.

- A Auckland Campus
- P Palmerston North Campus
- W Wellington Campus

- ^(C) Coursework
^(R) Research
- +This programme requires compulsory distance courses
*Can be completed in 12 months with summer school study
**Due to course sequencing, it may not be possible to complete within the minimum time-frame. One further semester will be required.
1. Taught in block mode (fully block mode or half block/internal)
 2. Students starting in July may complete in 3.5 years, provided they complete Summer School in the first year
 3. Wellington offerings are mainly limited to Communication
 4. This qualification is accredited by RICS
 5. The Mathematics and Statistics subjects are only available for study by 120 credit Thesis, and for students with suitable prior postgraduate study.
 6. The NZ Government has approved a policy for new international student PhD applicants which offers international students the same level of tuition fees as those paid by New Zealand domestic students. At Massey University, this policy relates to the Doctor of Philosophy with research topics in all areas. See massey.ac.nz/prospective-phd/
 7. Available as a double major only, must be taken in conjunction with another major from the same degree
 8. Option to exit at 3 years with the non honours equivalent of the degree, ie Bachelor of Design, Bachelor of Fine Arts, Bachelor of Screen Arts
 9. Block delivery in year 3
 10. One distance course will be required
 11. Availability is dependent on course selection

International Short Courses and Study Tours

Massey University specialises in international short courses, study tours and professional development. With over 30 years of experience coordinating group learning, we partner with academic institutions and government organisations around the world who want to expand their knowledge by learning with a leading institution in Aotearoa New Zealand. The **Te Tumu Whakatipu** team within Massey offers world-class international short courses for delivery at our campuses in Auckland, Palmerston North and Wellington, and have the capability to deliver online as well as outside of New Zealand.

From high schools and universities who are seeking an overseas study experience, to professionals and organisations who are looking to enhance their capabilities, our courses are flexible in content and mode of delivery. This means you can expect customised courses that are tailored to the needs of participants and sponsoring organisations. Leverage Massey's expertise and state-of-the-art technology and facilities, which can include hands-on learning, field trips, internships or industry site visits.

Study online from your country

THE LEADER IN ONLINE AND BORDERLESS EDUCATION

We have been providing distance education for almost 60 years and more than 350,000 people from all over the world have studied via distance with us.

We are ranked in the top 250 universities in the world, and have a Five Stars Plus rating across nine categories by QS World University Ranking. Massey is one of only three universities in New Zealand to hold a Five Stars Plus rating. You can be confident your learning will meet the latest international standards, and your qualification will be well received wherever your journey takes you after you graduate.

Why study online with Massey University?

With Massey University, you can study fully online – you don't need to travel to New Zealand. The qualifications you obtain by studying online with Massey University are the same as you would receive if studying at one of our three campuses in New Zealand.

Studying online allows you to achieve your educational dreams while you are working, training or raising a family. Our online qualifications have been designed to fit around you – watch lectures or read materials

wherever you might be, at a time that is suitable to your schedule. There are some great benefits to online learning including meeting the commitments you have at home and work, saving time and money.

It is important to note that Immigration New Zealand will not grant a student visa for study in New Zealand where the intended qualification of study is fully delivered online. If you hold a work permit you can study part-time via online learning. Please contact us for more information.

Online qualifications designed with you in mind

- Your online lectures are given by the same academic staff who teach on campus
- Online tools allow you to study when you can and still be in contact with your lecturer when you need to, and
- Our support services are here to help you attain your educational dream.

All students studying online have access to Stream – Massey's virtual learning community. It's a place where you can exchange ideas with fellow students and lecturers.

Depending on the course you are studying, Stream offers:

- The latest news on your subject
- Study notes
- Recent articles
- Online presentations
- Activities
- Assignments
- Quizzes
- Tests
- Online conversations and discussion forums

Helpful support

The key to studying online is having strategies and support people in place to help with challenges that may arise. With Massey University you are not studying alone! Our team have created a support service for our students living around the world. We're here to help you when you need advice.

Fees

International students studying outside of New Zealand do not need to pay New Zealand Goods and Services Tax (GST), however you may need to pay tax to the country in which you study. If so, this will be calculated on enrolment. View all our online qualifications at massey.ac.nz/global

Online qualifications available internationally

This is a guide to qualifications available to international students interested in studying online from outside New Zealand.

The 2026 tuition fees quoted are estimates only, are in New Zealand dollars and exclude New Zealand Goods and Services Tax (GST). Tuition fees quoted are based on 120 credits, as well as per 15 credit course (paper) of study within the qualifications unless stated otherwise.

Each 15-credit course requires approximately 10–12.5 hours each week of class and study time. Online courses need to be chosen very carefully to ensure they do not require the student to travel to New Zealand for onshore contact. There are sufficient courses to complete the qualification that do not require onshore contact.

CERTIFICATES AND DIPLOMAS	START DATE	DURATION (IF STUDIED FULL-TIME)	COST IN NZ\$	COST PER 15 CREDIT COURSE
Certificate in Arts	Feb, July** or Nov**	1 semester	14,880	3,720

(with recognised vet degree)	Feb or July	1 year	70,980	8,870
(with other vet degree)	Feb	1 year	70,980	8,870
Master of Veterinary Studies (No Specialisation) (C)	Feb (part-time only)	minimum 2 years	59,600	7,450

Fees and qualifications available are correct for 2026 and may be subject to change.

Please note: Tuition fees quoted are based on 120 credits of study within the qualifications, unless stated otherwise.

Most bachelor's degrees are 360 credits, with some being longer.

Each 15-credit course requires approximately 10–12.5 hours each week of class and study time.

^(C) Coursework

^(R) Research

+ This programme requires compulsory distance courses

* Can be completed in 12 months with summer school study

** Due to course sequencing, it may not be possible to complete within the minimum time-frame. One further semester will be required.

1. Taught in block mode (fully block mode or half block/internal)

2. Students starting in July may complete in 3.5 years, provided they complete Summer School in the first year

3. Wellington offerings are mainly limited to Communication

4. This qualification is accredited by RICS

5. The Mathematics and Statistics subjects are only available for study by 120 credit Thesis, and for students with suitable prior postgraduate study.

6. The NZ Government has approved a policy for new international student PhD applicants which offers international students the same level of tuition fees as those paid by New Zealand domestic students. At Massey University, this policy relates to the Doctor of Philosophy with research topics in all areas. See www.massey.ac.nz/prospective-phd/

7. Available as a double major only, must be taken in conjunction with another major from the same degree

8. Option to exit at 3 years with the non honours equivalent of the degree, ie Bachelor of Design, Bachelor of Fine Arts, Bachelor of Screen Arts

9. Block delivery in year 3

10. One distance course will be required

11. Availability is dependent on course selection

Entry requirements for international students

Undergraduate academic entrance requirements for most undergraduate qualifications, the minimum academic entry requirement is successful completion of a qualification equivalent to the New Zealand Year 13 – NCEA Level 3 University Entrance.

International students need to check the equivalence of their secondary school qualification by reviewing the list of Academic Admission requirements by Country:

- International students who have previously studied at a New Zealand secondary school should refer to the secondary school requirements section.
- International students who have completed a minimum of 4 x B at level 5 or 6 in the New Zealand Diploma in Business may apply for entry into a Bachelor's qualification.

The English language requirements can be met by:

- A minimum IELTS 5.5 (or equivalent) used to gain entry to the NZDipBus or,
- A recent IELTS 6.0 with no band score less than 5.5

GRADUATE DIPLOMAS

Admission to a Graduate Diploma requires successful completion of a three year diploma or undergraduate degree from a recognised tertiary institution.

UNDERGRADUATE ENGLISH LANGUAGE ENTRANCE REQUIREMENTS

Students from a country where English is not the first language must obtain a minimum English Language competency level. Some qualifications require a higher level of English Language competency than the minimum requirement indicated. See the table below for a full list of requirements, and also online [here](#).

Massey University recognises the following English Language examinations, among others:

International English Language Testing System (IELTS)

Only Academic IELTS scores are acceptable. A scanned copy of your academic IELTS scores is acceptable as Massey is able to verify your results online.

Test of English as a Foreign Language (TOEFL)

A scanned copy of your TOEFL scores is acceptable (this applies to iBT test results only).

Singapore Campus

APPLY NOW

to embark on an exciting new journey with Massey University in Singapore:

Massey is expanding its global teaching presence in Singapore, one of Asia's most dynamic international business and technology hubs. Developed in partnership with PSB Academy, where Massey qualifications have been taught since 2020, this campus extends our high-quality programmes globally to a wider community.

ed Collaboration Signing

our:
Honourable Christopher Luxon, Prime Minister

We welcome Singaporean and international students to study in a globally connected, modern city. Supported by the New Zealand Government, Massey's Singapore campus opened in November 2024. Professor Jan Thomas, Vice-Chancellor of Massey University, visited Singapore as part of Prime Minister Christopher Luxon's April 2024 trade mission to Southeast Asia. Students can now complete the following qualifications entirely in Singapore:

Bachelor of Business Studies

Specialise with a major in Business Analytics, Human Resources Management and Employment Relations, or Management.

Bachelor of Information Sciences

Study a double major in both Computer Science and Information Technology.

Master of Analytics

Gain the skills to transform data into strategic intelligence for critical organisational decisions.

Master of Arts in Media Studies*

*Subject to approval by Universities New Zealand

*Subject to approval by the Committee of Private Education

Master of Management*

*Subject to approval by Universities New Zealand *Subject to approval by the Committee of Private Education

Bachelor of Design*

*Subject to approval by Universities New Zealand

*Subject to approval by the Committee of Private Education

Massey Bachelors' degrees can be completed in two years in Singapore (based on a full-time trimester system). Massey's Masters' degrees can be completed in one year in Singapore (based on a full-time trimester system). Further qualifications will continue to be offered in 2026 and beyond – with a mix of undergraduate and postgraduate qualifications. To learn more about Massey's new Singapore Campus and for updated qualification information, including tuition fees, visit: www.massey.ac.nz/singapore

CONTACT US

If you'd rather speak to a real person, feel free to give our friendly contact centre staff a call on 0800 627 739.

If you'd like to actually see a real person, drop in to our campuses in Auckland, Palmerston North, or Wellington.

Email contact@massey.ac.nz

STUDENT ADVISERS

We understand it's a big decision. We have heaps of people available to answer any questions you may have about studying with us.

Dedicated international, Māori and Pacific student advisers are also available.

EVENTS

We host a variety of exciting events. Please visit massey.ac.nz/events for details. We also have stands at various career and tertiary education expos held all over New Zealand (and beyond). Feel free to contact us if you want to find out when and where.

INTERNATIONAL STUDENTS

The International Recruitment team is the first point of contact for prospective students. If you are considering studying at Massey we welcome your enquiry, and look forward to helping you join us.
