Post Entry Type : Transitional Fac

Standard Reference : 154.02.17 (Standard - Transitional Facilities for Biological Products)

Transitional Facility : Massey University (946)
Drysdale Drive
Turitea
Palmerston North

Operator : Michelle Fremaux

Ref : 2021

Special Conditions : You must comply with the import health standards (IHS) listed on this permit and meet any special conditions recorded below. The IHS can be found at:
<https://www.mpi.govt.nz/legal/compliance-requirements/ihs-import-health-standards/>

Consignments **MUST** be sent directly to the transitional facility listed on the import permit. They cannot be addressed to any other New Zealand address.

Where required, the consignment must be accompanied by a permit to export by the legislation of the country of origin and the Convention on the International Trade in Endangered Species (CITES): www.cites.org

No culture or organism isolation to be carried out on any of the items imported under this permit.

Samples must be obtained from healthy animals only.

IMPORTANT INFORMATION FOR PERMIT HOLDERS AND AGENTS

- 1 This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given biosecurity clearance. There are other restrictions in sections 27 and 28 of the Biosecurity Act 1993 which apply to the giving of biosecurity clearance. The Biosecurity Act may be accessed at www.legislation.govt.nz
- 2 You will need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions that are applicable. The import health standard may be amended during the course of your permit. Import Management will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
- 3 There are a number of other provisions in the Biosecurity Act 1993 which may affect you. If you commit an offence against the Biosecurity Act 1993, heavy penalties under section 157 of the Act might apply.
- 4 Apart from the Biosecurity Act 1993, there are other laws relating to or prohibiting the importation of goods. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not absolve you of the need to comply with these laws.
- 5 Unless specifically identified in 'Description of Items' or 'Special Conditions' of the permit, NO new organisms, including genetically modified organisms, are permitted entry under this permit.
- 6 All cultures must be:
 - clearly labelled with the scientific strain and name
 - consigned in leakproof packaging
 - free from contaminants
- 7 All new organisms must not be opened until received by the nominated containment facility.
