**Purpose**
To ensure equitable distribution of funding to Postgraduate students for research and conference travel.

**Process**

- The School of Veterinary Science (SoVS) will advertise competitive funding rounds twice per year (funds allowing)
- Postgraduate Students will apply in writing to the SoVS Postgraduate Administrator
- Postgraduate students who are enrolled in other schools but have supervisors in the School of Veterinary Science will be supported, but the total level of funding per applicant may be lower than for SoVS postgraduates. Non-SoVS postgraduates will also be advised to contact the school they are enrolled with as they will have access to additional funding.
- The Panel will assess the applications based on quality of application, previous funding and degree level.
- The Panel will meet to discuss applications and decide on funding success and amount for each applicant.
- The Panel will advise the postgraduate students of the results.
- The SoVS Postgraduate administrator will administer the funds.

**Panel**

Professor Wendi Roe (Chair)
Associate Professor Naomi Cogger
Associate Professor Kate Hill
Debbie Hill

**Meetings**
Meeting to be held twice yearly
