

## New BN Curriculum 2017 onwards in a nutshell

Massey University is in the process of implementing a new Bachelor of Nursing curriculum, with Years 2 and 3 being rolled out in 2018 and 2019. Below you will see how this is going to look like once it is fully implemented

	168.361 - <i>Preparing for Professional Practice</i>	168.362 - <i>Nursing People with Acute Conditions</i>	168.363 - <i>Mental Health and Addictions Nursing II</i>	168.364 - <i>Pre-graduate Nursing Practice</i>	168.365 - <i>Leadership and Management in Nursing</i>	168.366 - <i>Contexts of Nursing Practice</i>		
WELLNESS AND HEALTH	Year Three Focus is on acute and more complex physical and mental ill-health conditions and trauma. The final year in the programme prepares students for the role and responsibilities of a registered nurse, and readies graduates for a professional career in nursing.							DETERMINANTS OF HEALTH
	168.261 - <i>Nursing Research and Evidence-based Practice</i>	168.262 - <i>Nursing people with Long-term Conditions</i>	168.263 - <i>Mental Health and Addictions Nursing I</i>	168.264 - <i>Primary Health Care and Health Promotion</i>	168.265 - <i>Health assessment and Clinical Decision-making II</i>	168.266 - <i>Professional Nursing Practice</i>	214.201 - <i>Human Bioscience: Impaired Body Function</i>	
	Year Two Focus is long-term physical and mental health conditions and primary health, covering health promotion, government policy, and health targets. It aims to extend student knowledge of relevant legislation, ethics, multi-disciplinary health care, and the role of the professional nurse.							
	168.161 - <i>Research and Scholarly Writing in Nursing</i>	168.162 - <i>Nursing Fundamentals</i>	168.163 - <i>Health Across the Lifespan I</i>	168.164 - <i>Health Across the Lifespan II</i>	168.165 - <i>Health Assessment and Clinical Decision-making I</i>	150.112 - <i>Hauora Tangata: Māori and Global Indigenous Health</i>	214.101 - <i>Human Bioscience: Normal Body Function</i>	214.102 - <i>Applied Science for Health Professionals</i>
	Year One Broad concepts of health and wellness and health determinants across the lifespan. The first year covers nursing concepts, the role of nurses, health assessment and fundamental nursing skills including anatomy, physiology, nutrition, and relating / communicating. The context is New Zealand, the Treaty of Waitangi and Te Whare Tapa Whā.
