

Wireless Network Configuration Guide Windows 10

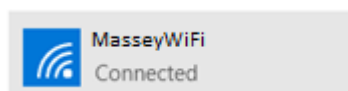

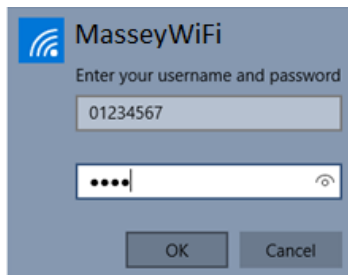

Please check that you are using the **correct help-sheet** for your operating system. This guide covers Windows 10 devices.

Network Access

All users connecting to the network require Massey credentials.

- **Students:** Student ID + Password
- **Staff:** Usercode + Password

The password used is your **network password**, not Portal password

1. Click on the **Network Icon** in the taskbar
2. Select **MasseyWiFi** to connect to the Massey network
Ticking the "Connect automatically" box is recommended for Massey Staff
3. A dialog box will open prompting for your username and password. Enter your **Student ID or usercode** and **Password** into the boxes respectively.
4. Click **OK**
5. A certificate prompt will appear. Click on **Connect** to accept the certificate.
6. You should now be connected to the Massey network.
