

OPEN DAY

MASSEY
UNIVERSITY
TE KUNENGA KI PŪREHUROA

UNIVERSITY OF NEW ZEALAND

MANAWATŪ
WEDNESDAY 2 AUGUST
9AM – 2.30PM

[#MasseyOpenDay](#)

WELCOME TO MASSEY!

Congratulations on taking the first step towards life at university! Whether you're about to leave school, been working for a while, or looking for something different you'll be right at home at Massey.

We have a range of undergraduate and postgraduate courses on offer that can be studied here in Palmerston North, at our Auckland or Wellington campuses, or by distance.

Make the most of being here today. This campus is Massey's original campus and there is a lot to love about it. You can go from farm land to lecture, bush walk to library, and dining hall to bed in less than ten minutes.

If you get lost at any point look out for someone with an ASK ME tag and they can help you on your way.

If you feel ready and raring to go, you can apply to enrol on campus today with our student recruitment team. They're located on the bottom floor of the library.

Have a great time,
The Massey Team

WHAT'S ON?

There's a lot going on today, but we hope that you will find it exciting and energising! From presentations, to tours, workshops and info booths, take the time to explore, to ask questions and to see if studying at Massey University is the right choice for you.

HEALTH

The health and social sector is the largest in the country employing one in 10 New Zealand workers; it pays well; it has low unemployment; and the job prospects are only going to get better. Between 2006 and 2013 the sector grew by 20 per cent. Up to 40 percent growth is projected for the next decade, mirroring international trends. Will you be one of the people filling these exciting positions?

The 21st century brings new challenges and demands both new solutions and new health professionals. That's what Massey is all about. We bring together specialists from a wide range of health-related fields to focus on preventing illness and injury, developing healthier foods, promoting healthy lives, advising on policy that supports these activities, and finding ways to keep people and communities well.

Health Science

Massey's Bachelor of Health Science is the most comprehensive programme of its kind in the country. Its multidisciplinary foundation will prepare you to make a creative and practical contribution to improving the health of individuals, communities and nations.

Presentations: 9:00am in SSLB1 & 12:20pm in SSLB7
Info booth: Level 2 of SSLB

Human Physiology

Physiology explains how normal cells, tissues and organisms function. It provides the foundation on which we build our knowledge about life, so we can recognise problems and develop new treatments.

Presentation: 11:00am in SSLB1
Info booth: Level 2 of SSLB

Nursing

Join a nursing programme among the top 100 in the world according to the 2017 QS rankings and make a real difference.

Presentations: 9:40am in SSLB1 & 11:40am in SSLB2
Info booth: Level 2 of SSLB

Nutrition

Nutrition has become one of the key issues facing society. Knowledge about human nutrition and the application of this knowledge are essential elements in maintaining a healthy society.

Presentation: 9:40am in SSLB7
Info booth: Level 2 of SSLB

Social Work

Help people overcome challenges and empower them to make the most of their lives. Social workers are needed across a range of age groups and services.

Presentations: 10:20am in SSLB7 & 11:40am in SSLB1
Info booth: Level 2 of SSLB

Sport and Exercise

Sport and Exercise will equip you with valuable skills to work in the important, and growing, health and physical activity sector. The knowledge you gain here can help you influence health, sport performance and physical development across the population.

Presentations: 10:20am in SSLB1 & 1:30pm in SSLB1
Info booth: Level 2 of SSLB
Extras: Check out our mobile exercise lab located out the front of SSLB

SCIENCES

Leaders and influential thinkers around the world see the training, nurturing and appointment of well-qualified scientists and technologists as instrumental for positive growth and development. Studying science will put you in sync with this thinking, and set you up for an exciting and prosperous future.

Massey graduates are advancing knowledge and making a difference. From genetics to geography and smart systems to wildlife conservation, science underpins almost everything and those who understand science have an important part to play in our future.

Agriculture and Horticulture

Find out more about agricultural science, agri-commerce, Māori agri-business, horticulture and equine from New Zealand's number one university for agriculture.

Presentation: 12:20pm in AgHort 1
Info booth: AgHort Lecture Block

Animals and Ecology

Find out how to build a sustainable, healthy future for New Zealand with zoology, animal science, physiology and ecology.

Presentations: 11:00am in AgHort 1 & 1:30pm in AgHort 4
Info booth: AgHort Lecture Block

Land and Water

Get the tools and understanding needed to help create a sustainable path for New Zealand and the world with earth science, geography, and environmental science.

Presentation: 10:20am in AgHort 4
Info booth: AgHort Lecture Block

Life Sciences

From the study of genes to entire ecosystems, find out more about biological sciences, biochemistry, genetics, plant science and microbiology.

Presentation: 1:30pm in AgHort 1
Info booth: AgHort Lecture Block

Physical Sciences

Understand our physical environment and the interactions between elements with nanoscience, chemistry, physics, mathematics and statistics.

Presentations: 11:00am in AgHort 4 & 12:20pm in AgHort 4
Info booth: AgHort Lecture Block
Extras: Check out the science demonstrations running in AgHort C

ENGINEERING

Studying engineering at Massey is hands-on. Every year you work on projects that can help our communities and industry, giving you a real feel of what engineering involves, and the skills that distinguish you from the rest.

Presentations: 10:20am in AgHort 1 & 1:00pm in AgHort 1
Info booth: Riddet Atrium
Tours: Depart from Riddet Foyer at 11:00am
Extras: Have a go at our hands-on activities in the Design Studio (Riddet C 1.118) and Innovation Studio (Riddet C 1.119)

Food Technology

The focus on health and wellbeing through food consumption is increasing. The world's economies are looking for new ways to add value to raw produce. All this adds up to an increasing demand for people with the skills you will gain by studying food technology.

Presentation: 11:40am in AgHort 4
Info booth: Riddet Atrium
Tours: Depart from Riddet Atrium at 12:20pm

Information and Computer Sciences

There is a huge demand around the world for people with information and communication technology skills, and many exciting careers in this field.

Presentation: 1:00pm in AgHort 4
Info booth: Riddet Atrium

VETERINARY SCIENCE

Join a world-leading veterinary programme that will qualify you to work as a veterinarian in many different areas. Massey University is the only university in New Zealand where you can study to become a vet.

Presentation: 11:00am in Marsden Theatre
Info booth: AgHort C

Veterinary Technology

Veterinary medicine is steadily advancing, with greater use of science and technology for improvement of animal welfare. There is growing demand for veterinary professionals who have in-depth knowledge of that technology, the latest research, veterinary best practice and welfare issues.

Presentation: 12:20pm in Marsden Theatre
Info booth: AgHort C

BUSINESS

Don't just study business, practice it. Through internships and state-of-the-art facilities, you'll gain hands-on experience to support your theoretical thinking and give you the leadership, communication, teamwork and creative skills that employers are looking for.

Accounting

Become an accountant with an integrated business perspective and gain the skills and confidence to measure the big decisions affecting modern organisations and societies.

Presentation: 1:00pm in SSLB3
Info booth: SGP Auditorium

Careers in Business and Business Student Experience

Working in business is a lot more than sitting in an office crunching numbers. Find out more about the exciting opportunities all over the world that await with a career in business.

Presentations: 9:00am in SSLB3 & 11:00am in SSLB4

Economics and Finance

Like most of life's important questions, economics focuses on complex interrelationships. It's about how a change in one area will have repercussions elsewhere. Finance factors in numeracy, logic and analytical skills.

Presentation: 1:30pm in SSLB3
Info booth: SGP Auditorium

Management

Part of being a manager is being able to be a nimble, quick thinker, able to analyse situations effectively, consider priorities and make great decisions, often under pressure. Find out more about management, human resources, international business and entrepreneurship.

Presentation: 11:00am in SSLB3
Info booth: SGP Auditorium

Marketing

Marketing is a key function for all businesses. It is the difference between having great products and services, and selling those products and services to the people that need them.

Presentation: 12:20pm in SSLB3
Info booth: SGP Auditorium

Sport Management

Massey's Bachelor of Sport Management is a specialised degree that teaches you the specific knowledge and skills to identify, evaluate, strategise and tackle the BIG issues in managing the business of sport.

Presentation: 9:00am in SSLB4
Info booth: SGP Auditorium

AVIATION

Prepare for an industry that is growing by more than 5.5% per annum and which will require more than 500,000 new pilots in the next 20 years.

Aviation

Learn how to fly in Massey's state-of-the-art training fleet, while gaining a qualification that sets you up for the aviation industry of the future.

Presentation: 12:20pm at the Milson Flight Systems Centre
Info booth: Milson Flight Systems Centre
Extras: A free bus will leave from the main bus terminal on campus at 11:40am to take you to the Milson Flight Systems Centre. It will bring you back to campus after the presentation.

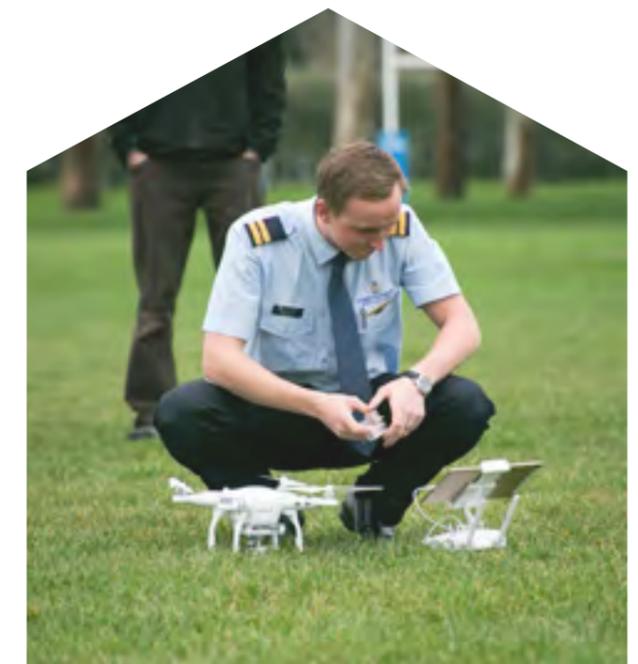

Aviation Open Day

To get more of a hands-on experience with aviation, take a trial flight, and gain guidance with your application process sign up for our Aviation Open Day on Saturday 16 September 2017 at the Milson Flight Systems Centre.

Aviation Management

Explore the human factors and management competencies involved in the aviation sector.

Presentation: 10:20am in SSLB3
Info booth: SGP Auditorium

VET TOURS Tours of the Vet Teaching Hospital will depart from AgHort C and run every fifteen minutes from 9am to 1:15pm. These are limited so you will need to sign up if you haven't already.

ARTS, SOCIAL SCIENCES, AND TEACHING

The Arts – which include the Humanities and Social Sciences – are the study of people: how we think about, interact with and make sense of the local, national and global communities we live in. We ask the big questions: What does it mean to be human? What makes us think and act the way we do? How are different communities organised and governed? How do we make sense of the world we live in? That world is rapidly changing. Studying with us means you're in the driver's seat and in control of your education.

Bachelor of Arts

With a Massey BA, you can focus on subjects that you enjoy, while learning to be a creative, critical and independent thinker – all skills needed in today's changing world.

Presentations: 9:00am in SSLB2 & 12:20pm in SSLB1
Extras: Meet the BASE+ (BA Student Engagement) crew in the SGP Auditorium

BA Majors and Minors Speed Dating!

Participate in quick fire Q&A sessions with lecturers from across our BA majors and minors to find out which courses are the best match for you.

When and where: 1:00pm in SSLB4

Defence and Security Studies

Our world provides numerous complex and multifaceted challenges to security. Learn to understand and navigate these.

Info hub: SGP Auditorium

Education and Teaching

Explore the developmental and cultural factors that influence approaches to life-long learning, and become a teacher or pursue a career in educating others.

Presentations: 11:40am in SSLB4 & 1:00pm in SSLB7
Info booth: SGP Auditorium

English

Develop your passion for literature, studying how great writing has shaped identity, culture and society.

Info booth: SGP Auditorium

Geography, Social Anthropology, Sociology and Politics

Become a knowledgeable global citizen, ready to apply your skills to the world's pressing problems. How can we better understand one another? Take care of our environment? And take a stand and implement policies that will contribute towards a better world?

Info booth: SGP Auditorium

History and Classical Studies

Study the past, understand the present and help build the world of tomorrow.

Info booth: SGP Auditorium

Languages and Linguistics

Let your love of languages and communication give you an edge in the international job market.

Info booth: SGP Auditorium
Extras: Try our Languages Workshop at 9:40am in SGP 2.68

Slam Poetry Show

See some of our expressive arts students perform.

When and where: 12:20pm in SGP Drama Lab 2.24

Māori Studies

Become an ambassador of Māori knowledge, and the contribution it can make to problem solving the challenges faced by and within global societies.

Info booth: SGP Auditorium

Media Studies

Interested in television and popular culture? Social media and the blogosphere? Film and cultural theory? Media studies can help you unlock your creative potential.

Info booth: SGP Auditorium
Extras: Have your go at filming and editing a short skit with our media studies workshops, held at 9:00am and 11:00am in SGP 2.42

Philosophy

Develop your abilities to think and reason, to express your thoughts clearly and concisely, and to critically evaluate complex ideas.

Info booth: SGP Auditorium

Psychology

Explore how the brain works, and understand how we think, behave and make decisions.

Presentations: 11:00am in SSLB2 & 12:20pm in SSLB2
Info booth: SGP Auditorium
Tours: Depart from the Psychology Info Booth at 9:40am, 11:40am and 1:30pm

Resource and Environmental Planning

Contribute to designing better communities and ensuring sustainable use of resources.

Presentation: 10:20am in SSLB2
Info booth: SGP Auditorium

Theatre and Creative Writing

Unlock your imagination and inspire others.

Info booth: SGP Auditorium
Extras: Participate in an interactive theatre workshop with playwright Angie Farrow at 10:20am in SGP 2.24

"Shout it Out"

Youth Voices Special Lecture

Young people are always being told they're apathetic, selfish and not interested in the Big Issues. We don't agree with any of that, and in this session we want you to tell the local candidates contesting this year's General election what you think are the pressing issues confronting young people in New Zealand. So, this is your opportunity to have your voice heard – and to see the humanities and social sciences in action!

Presentation: 11:00am in SSLB7

COMMUNICATION

Combine your love of words and creativity with the study of business to become a highly employable communication specialist.

Massey Bachelor of Communication graduates have had outstanding employment success. 96% of our students are employed after graduation, with the remaining students largely involved in further study, travel or family commitments.

Info booth: SGP Auditorium

Presentations:
Bachelor of Communication – 9:40am in SSLB4
Careers in Communication – 11:40am in SSLB3

CREATIVE ARTS

Toioho ki Āpiti Māori Visual Arts

The College of Creative Arts at Massey is world-class, and ranked in the top 100 worldwide. Our graduates are sought after to develop products, and create experiences, environments and imagery that make a difference. Toioho ki Āpiti is taught on the Manawatū campus. A comprehensive range of fine art, design, commercial music and creative media production programmes are available on the Wellington campus.

Info booth: Find the colourful tent on concourse to meet our Creative Arts staff and students.

FIND ONE OF OUR HIDDEN CLASSICS THEMED PAINTED ROCKS AROUND CAMPUS AND BRING IT TO THE HISTORY AND CLASSICAL STUDIES HUB TO CLAIM A SMALL PRIZE.
