

LOW CARBON FUTURES COMPETITION

Climate change is a downer, no doubt about it. But the solution is in our hands. Humans are nothing if not creative.

Now is your chance to take on board Immanuel Kant's dictum that "*optimism is a moral obligation*".

Show us what a low carbon future might look like through words, songs, photos, media or art.

Mā tini ngākau te taiao e ora ai.

A thousand like-minded people will save the environment.

"Alone we can go quickly, but together we can go far."

– Ségolène Royal, COP21 President

You can make a **difference**

TO ENTER

Produce a photo, a haiku, a short video, a waiata or any other creative response about a low carbon future.

SEND YOUR ENTRY TO
sustainability@massey.ac.nz

State your name, and if you're a student, what degree you are studying. If you want to share your entry post it to the Massey Energy facebook page

 @masseyenergy
